

Library materials delivered to your home!

The library has a homebound service program in place that allows patrons who are unable to travel to the library due to medical conditions to receive home delivery of library materials.

In order to qualify for this door-to-door delivery and pickup service of materials, an applicant must live within the town of Uxbridge, MA and possess a valid Uxbridge Free Public Library card in good standing.

If you or someone you know may benefit from this service please contact the Uxbridge Library at 508-278-8624x100 for more information.

Please note that at this time the library has a limited amount of volunteers and we will do our best to accommodate the needs of the patron.
